ADNATCO

INTRODUCTION

Abu Dhabi National Tanker Company (ADNATCO), is a wholly owned subsidiary of Abu Dhabi Oil Company (ADNOC), established in 1975 for the transport of crude oil & petroleum products.

ADNATCO owns and operates a fleet of crude / products tankers, amolten sulphur carrier, a bunkering vessel, and Ro-Ro vessels.

ADNATCO vessels trade worldwide for international customer including major oil companies.

The Company also provides logistic support and advice on shipping to ADNOC and its Group of Companies.

In addition to managing and operating its own fleet, ADNATCO manages ADNOC offshore bunker supply ships.

In 1997, ADNATCO was certified by Lloyd's to the ISM Code (International Safety Management) and the ISO 9002 Quality Standards. In 2002, ADNATCO was certified to the ISO 14001 (Environmental) certification from Lloyd's Register (UK).

COMPANY'S MISSION

- Safe transportation of petroleum products by ships
- Providing Group and Affiliate Companies expertise in Marine Transportation
